PERMITS $515,078

AUGUST LEADS RECORD OF PRECEDING MONTHS IN HISTORY OF GLENDALE

There were 192 building permits issued in August for a total of $515,078. In July the total was $302,970 and Glendale held the proud record of doing more building in proportion to its population than any other city in the United States. There were 125 places of residence provided for in the August permits, besides over 100 garages and in all probability many of these will be used as temporary homes. The sum of $96,500 of the total is for the new hospital buildings, intermediate school house addition and two small business houses. The remaining $418,578 is for residences, garages and improvements to residences. Glendale builders are certainly doing their utmost to supply the insistent demand for more homes.

Last year's building was $594,805, the largest month being November with $120,132. December was next with $105,200, then August with $89,052 and October with $72,420. The total building in Glendale since the war closed, or rather since Jan. 1, 1919, is $2,419,848. So far this year the total is $1,825,043, with prospects bright for more than $3,000,000 during the entire year.

A great deal of building that some people credit to Glendale has been going on all this time just outside the city limits in Casa Verdugo and North Glendale. Residences ranging in price from $1000 to $25,000 are included in this, which probably totals half a million dollars or more.

To Superior Court

Miss Vera Myers and Mrs. Jeanette Allen Brentinger of Los Angeles, arrested in Glendale for cashing three forged checks for the aggregate sum of $110, appeared before Judge Lowe yesterday afternoon and wished to plead guilty, but he informed them that he had no authority to receive their plea, so they were put under $1000 bond, each, to appear in the Superior Court for trial. They both fully confessed their guilt. Mrs. Brentinger said she is the mother of two children and is now sueing her husband for divorce. Miss Myers claimed her father is a wealthy rancher. Both said they were temporarily out of money and took this method of obtaining some. The money was all recovered.

TRUSTEES' MEETING

BOARD MAKES APPROPRIATION FOR WORK ON TRACTOR SHOW SITE

The board assembled at 8:30 o'clock p. m., September 2, 1920. Members of the board present: Hartley Shaw, president; Trustees Mrs. Ann P. Bartlett, C. H. Henry, Spencer Robinson, Dwight W. Stephenson. Also present, W. E. Evans, City Attorney; T. W. Watson, City Manager; J. W. Stauffacher, City Treasurer; A. H. Lankford, Fire Chief; C. E. Stanley, Chief of Police; A. J. Van Wie, Superintendent of Buildings; H. B. Lynch, Engineer Public Safety Department, and C. L. Hill, City Engineer.

The minutes of the meeting of August 26, 1920, were read and a correction ordered to be made on Page 477, directing that numbers be placed on city automobiles in addition to lettering, with this correction the minutes were approved.

At this time is was ordered that bids be opened in reply to advertisement calling for the same and bids to supply poles for the Public Service Department were opened, read and publicly declared. On motion the bids were referred to the City Manager.

W. B. Kirk spoke to the board in reference to changing the name of that portion of Brand Boulevard. connecting with the thoroughfare in Los Angeles that it is proposed to name Glendale avenue, advocating that the city change the name of that portion of Brand Boulevard at the connecting point to Glendale avenue or Glendale Boulevard. In this connection there was presented a petition in regard to this subject making the same recommendation as advocated by Mr. Kirk, the petition being signed by D. L. Gregg and forty-five other firms and business men of the city. On motion referred to the committee of the whole for further consideration.

An application was read from the Fox-Woodsum Lumber Company for permission to make an addition to their building at 714 East California street. On motion of Trustee Robinson, granted.

ROBBINS-LAMBERTY

WHITTIER ORANGE RANCHER WEDS POPULAR GLENDALE GIRL

Ralph Robbins of Whittier and Miss Margaret Lamberty of 331 West Wilson avenue were married Wednesday, September 1st, at 12 noon, at the home of the bride, Rev. J. W. Marsh of Yorba Linda officiating. The groom and Rev. Marsh's son are chums, hence this choice of an officiating minister. There were no attendants but the little niece of the bride, Margaret Jean Milliken, of Covina, was ring bearer. After the ceremony a 3-course luncheon was served on small tables, then the bride and groom quietly slipped away and started for Idyllwild, in the San Jacinto mountains, for a brief wedding tour of a week only, as Mr. Robbins' orange ranch demands his attention, as it is picking time for Valencias. The young couple will make their home on the ranch.

The bride is the youngest of four daughters of Mr. and Mrs. M. Lamberty. She is a graduate of the University of Washington and for the past two years taught French in the high school of Whittier, Calif.

The groom is the elder son of the late Dr. Robbins of Whittier. He is a graduate of the Whittier High School and attended the Whittier College. He enlisted in the late war in the aviation branch. He had been commissioned First Lieutenant as a flyer and was ready to go to Europe, when the armistice was signed.

The Lamberty home was beautifully decorated with yellow coreopsis and French marigolds, tastefully entwined with greenery.

The wedding party numbered about thirty, relatives and close friends of bride and groom.

New Vegetable Stand

The Chaffee Grocery has just installed a very handsome and convenient fruit and vegetable stand on the north side of the room. There is a top shelf for fancy fruits, then a row of compartments for the same, next a narrow shelf for small vegetables and then deep, wide bins, lined with galvanized iron for green stuff, also potatoes, onions and the like.

CREW OF U. S. SUBMARINE RESCUED

S-5, SUBMERGED 35 HOURS OFF THE DELAWARE CAPES, WAS RAISED AND MEN REMOVED

(Special Service to Glendale Evening News)

NEW YORK, Sept. 3.—Rescued from a living tomb at the bottom of the sea, officers and crew of the United States submarine S-5 were being taken to Philadelphia today aboard the steamer Atlantus. The submarine was found by the transport Gen. Goethals, after being submerged for 35 hours off the Delaware Capes. The rescue was effected after the Goethals saw a small floating buoy, which contained a telephone and which had been sent up by the submerged vessel. The floating buoy is a war invention.

Wireless reports brought aid from all navy yards and war vessels along the Atlantic coast.

Air was pumped into the submarine while she was being raised by means of chains and grappling hooks. In this manner the men were kept alive until the submarine was brought to the surface.

PHILADELPHIA, Sept. 3.—The steamer Atlantus is having trouble bringing the disabled submarine S-5 up the Delaware river, according to wireless received at League Island Navy Yard this afternoon. Pontoons were being sent to the Delaware breakwater to assist in floating the submarine. The crew of the submarine have been removed from the Atlantus and were placed aboard the battleship Ohio, the message said.

CORK MAYOR VIRTUALLY LIFELESS

DEVELOPS PARALYSIS; RUMORS OF DIFFERENCE BETWEEN KING GEORGE AND PREMIER

(Special Service to Glendale Evening News)

LONDON, Sept. 3.—Terence MacSwiney was virtually lifeless today, showing only an occasional flicker of an eyelid, according to relatives who said that "to all intents his body is dead, but his spirit still lingers."

MacSwiney developed paralysis of the right side late yesterday as the result of failure of blood circulation.

Rumors of a serious difference between King George and Premier Lloyd-George were being circulated today. According to the rumors the king, acting on the advice of Queen Mary, intended to issue a royal proclamation freeing MacSwiney, but it was indicated that Lloyd-George would hold up such a proclamation.

SQUARE DEAL FOR FARMER

FIRST STEP NECESSARY TO DEFEAT HIGH LIVING COSTS SAYS SENATOR HARDING

(Special Service to Glendale Evening News)

MARION, O., Sept. 3.—"A square deal for the American farmer will be one big practical step against the high cost of living," Senator Harding told representatives of the National Farm Organization here today. Harding said he favored extension of farm loan proposals, co-operative buying and selling of farm products, greater participation of farmers in both administrative and representative government offices.

DOSTA'S FURNITURE

CARELESS TRUCKMAN MOVES IT BY MISTAKE—BRINGS IT BACK AFTER TWO DAYS

The supposed daylight theft of a truck load of household goods from R. C. Dosta proves to have been a case of carelessness on the part of a Los Angeles truckman. He had an order to pick up a load of household furniture at a house somewhere on Gardena avenue but lost it, so inquired along that street until he found where some man wanted his goods moved. It happened to be 1817 Gardena, where Mr. Dosta's furniture was awaiting removal, he being then up in Glendale to engage a transfer man to move them. The man who was moving into the house supposed Mr. Dosta had sent this truckman so helped him load the goods and away they went. Meantime Mr. Dosta returned to the house to tell the occupant the goods would be moved the next day, only to find they had been taken away. For over two days no trace of them could be found, then the truckman, who had found out his mistake by this time, was met by Glendale police officers as he was trying to find the owner of the load he had carried away, so Mr. Dosta's goods are now at their destination and the truckman says he will be more careful in the future.

Casa Verdugo Lights

The question of the city of Glendale bidding on lighting the streets in the Casa Verdugo territory came up for consideration before the Board of Trustees at last evening's meeting. The Board was about evenly divided as to whether it was good business for the city to bid on lighting outside districts when the cost of material is so high, and it would be necessary to invest $400 or more in construction work before the conditions of the bid could be complied with. Trustees Robinson and Henry were very decided in their opinions that Glendale should not bid on this outside lighting proposition. Chairman Shaw concurred with the opinion of these gentlemen and Trustees Bartlett and Stephenson voted that it would be good business for the city to bid on lighting the streets of Casa Verdugo. The decision of the Board was that Casa Verdugo may look elsewhere for bids for lighting their streets.

Salvaging Scrap Paper

On the east side of North Glendale avenue adjacent to the city water reservoir are many bales of scrap paper that has been collected from the business houses, the printing plants, and other places. This paper is collected by the city department in scrap form, and hauled to the lots near the reservoir, and there men proceed to put it in large cylindrical bales, making it ready for the market. At the present high price of paper stock the saving of all scrap paper is very essential.

CHARTER ELECTION

SEPTEMBER 28TH IS DATE SET FOR ELECTING FIFTEEN FREEHOLDERS

An election has been called by the Board of Trustees for September 28th to vote for fifteen freeholders, whose duty it will be to prepare a freeholders' charter. Glendale is now a sixth class city and is governed by a charter said by those who are familiar with its details to be clumsy and not the thing for a growing city. A special charter would have only such provisions in it as would be thought best for properly governing the city, and as other provisions would become necessary they could be adopted.

The successful termination of this whole project of adopting a special charter for Glendale will depend upon the general interest taken in its adoption by the citizens of Glendale. The whole affair should be one in which all citizens of Glendale should become intensely interested and inform themselves as to just what the needs of the city are and what should be embodied in the new charter.

Fifteen names of freeholders in Glendale will be submitted on the ballot to be voted at the election September 28th. It is essential that every citizen familiarize himself with the ability of these gentlemen and that after doing so an active part be taken in the election.

LIFE IN MEXICO

WILL MARPLE AND C. M. RETTS ENJOY LIFE WHILE DEVELOPING ACREAGE

Dr. Presty O. Lucas and Dr. Joseph Marple started Wednesday to Hermosillo, Mexico, where they will be met by Will Marple and the auto truck to be conveyed to the ranch, 56 miles east of that city. Will and Dr. Marple own 3000 acres, Dr. Lucas 500 and C. M. Retts 500 of the old El Carizal ranch. Will and Mr. Retts have been down there for several weeks and are developing their acreage so that it will soon be on a paying basis. They write Mrs. Retts frequently telling of the progress they are making and the difficulties they encounter. They are 56 miles from Hermosillo, the nearest town reached by railroads and must truck all their supplies and building materials that distance. A Chicago capitalist is now considering the building of an electric line from the coast west to Hermosillo and other towns and this would be a great blessing to the ranchers. Mrs. Retts says the boys write that they have met with only the kindest treatment from the Mexicans, who give them many presents and sell them supplies very cheaply. As an instance they bought a milch goat and two kids for $5.00.

Their land is well suited to the raising of cotton, sugar cane, corn and wheat and when they get irrigation from reclamation projects now being considered, their land will grow into considerable value. Many Americans are acquiring large acreage in that section, they say.

Their land extends to within four miles of the gulf coast. The intervening acreage is owned by the governmnt. Not far from the home of "the boys," as Mr. Retts calls them, the gulf puts out five long, narrow lagoons, like the fingers of a hand and these are fairly teeming with clams and oysters, while fish two and three feet long and of excellent flavor can be caught in great numbers.

Tuesday Afternoon Club

That the Tuesday Afternoon Club is growing is evidenced by the following list of new members initiated at the meeting held Wednesday at the home of Mrs. Willisford: Mesdames John F. Torrey, George E. Tennant, Harry L. Bullinger, R. M. Dean, B. O. Holbrook, R. C. Homer, H. A. McPherson, Frank Hall, Bine J. Smith, Elmer E. Dana, M. J. Brennan, John Roman, Laura R. Walcott, Bessie M. Elliott, Katherine Sooy, Vernon Putman, E. L. Schuyler, John Alden Daniels, C. M. Cram, C. A. Brandstater, W. R. Vanderwood, John Douglas Camerer, B. D. Balthis, L. P. Abell, R. T. Burr, R. E. Olin, Carrie V. Thomas, James Garnsey, McAllister Randall, Frank M. Huckins; Misses Ida D. Myers, Nettie B. Campbell, Beatrice Doxsee and Ruth McBride.

Postoffice Will Close

Monday is Labor Day and being a legal holiday it will be observed by the Glendale postoffice, which will be closed during the entire day in all departments. There will be no delivery service. The usual holiday collections will be made during the morning hours. Other public offices will close as well as the banks.

BRIDAL SHOWER

FUNCTION IN HONOR OF MISS ENGLAND, BRIDE-TO-BE, AT LA RAMADA

A linen and lace shower was given Wednesday afternoon by Mrs. C. M. Mosier and Mrs. Frank Westman at the "Old Adobe," La Ramada, North Glendale, honoring Miss Emily Rosalie England, whose marriage to Colin C. Campbell of Wichita Falls, Texas, will take place on September 15th. The color scheme was mauve, pink and green. The tables were artistically decorated with roses and asparagus ferns in those shades. Covers were laid for twenty guests. Adorning the seat at the table of the bride-elect was a miniature bride in bridal attire, while the guests' favors were wedding bells with shower bouquets. The refreshments, consisting of a three-course service, were delicious in every respect. The gifts were numerous and most beautiful. The exquisite floral centerpiece adorning the table and consisting of pink roses and wedding bells, was presented to the bride- elect.

Favor English Tongue

By FRANZ LEHNHOFF
(United Press Staff Correspondent)

BERLIN, Aug. 20. (By Mail.)—English is favored in Germany as the international language that it is admitted will be almost a necessity for use in world communication when wireless telegraphy and wireless telephony have been made thoroughly practical.

Besides difficulties of transmission of long distance messages, most of which have now been overcome by use of high frequency stations, Graf Arco, Germany's wireless authority, in an interview with the United Press declared most trouble in complete interchange of ideas in the future may be found in the present use of so many languages.

"While I am an enthusiastic Esperantist," said Arco, "I believe a popular vote would elect the English tongue to be used generally in the transaction of business and transmission of news, because it is now spoken by the largest group of people on the globe.

"Naturally, there are many nations that would raise objection to the use of English as the world language on account of the belief that the study of it would kill their own nationality. Such fears, however, are unfounded, because in each land the mother tongue would be taught, plus English for international transactions.

Apropos of the beginning of work on stations that will carry electric currents between Germany and Argentina, Graf Arco said:

"Wireless telegraphy has reached a stage of development in which previous difficulties encountered in long distance transmission have now been overcome. The greatest distance now practical is an earth quadrant of 10,000 kilometers. The chief difficulty hitherto encountered was with the transmitting station, but high frequency machines have been developed, so that now this trouble no longer occurs.

"As a result, the proposed connection with Argentine will be virtually perfect. Germans and Argentinians have collected practically all the necessary capital, so that the erection of the oversea apparatus could already be undertaken."

Graf Arco is optimistic as to the future of wireless telegraphy—and also wireless telephony—particularly if the nations will undertake a broadguage international regulation of the traffic so as to avoid transmission and receiving difficulties arising from too many statons sending in conflicting directions or at improper times.

He pointed out that about 60,000 words can be transmitted daily by a wireless station, whereas with cables there is a considerable delay from the fact that, since the war, roundabout routes must be followed.

He held that, with wireless telephony, greater difficulties exist than with telegraphy, but tests made daily at the big Nauen station have proven that wireless telephone messages can be picked up from all quarters of Europe.

Nauen is waiting an opportunity to demonstrate that conversations are possible with America. Fifteen years ago, Graf Arco, as an April Fool joke, painted a supposed wireless telephone speech between America and Germany.

"Today, however, what was once merely an April Fool Joke is today merely a question of need and of profitableness," he added. Incidentally, he related how recently he had heard the Dutch Indies distinctly through the wireless phone.

Quality Grocery

BRAND AND WILSON

Five years ago Mr. Archie Parker, having faith in Glendale, bought the Quality Grocery Store.

Mr. Parker had lived in Glendale four years, had watched the town grow during that time, and realized that Glendale would some day be a city of some size.

He was confident it would need a first-class grocery store; a store where the best people in the land, such as live in Glendale, could buy their food supplies at home.

Mr. Parker's confidence in Glendale was not misplaced, his business having steadily grown in keeping with the city's growth.

The Quality Grocery stands for the best of everything. This splendid store is admired by all the good people that visit it.

The many customers that live far from the store have found the telephone service the best. The convenience of the delivery service, for which the store is famous is another thing that has helped to build up a wonderful business.

Mr. L. G. Scharnikow, an experienced grocer, is now associated with Mr. Parker in the business. His long experience has added new ideas that are being appreciated by everybody patronizing the store.

AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE REGULATING THE MAINTENANCE AND OPERATION OF MOTION PICTURE PRODUCING ESTABLISHMENTS AND STUDIOS IN SAID CITY.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

Section 1. For the purpose of this Ordinance, the "residential portion" of the City of Glendale shall consist of all those sections or portions of said City devoted to and being chiefly used for residential purposes, and not including those outlying or unoccupied portions of said City, not being so used.

Section 2. It shall be unlawful for any person, firm or corporation to carry on, operate or keep open any motion picture producing establishment, place, studio or location within any residential portion of the City of Glendale, between the hour of 9 o'clock p. m. of any day, and 6 o'clock a. m. of the next succeeding day.

Section 3. Any person, firm or corporation, violating any of the provisions of this Ordinance shall be deemed guilty of misdemeanor, and shall be punished by a fine of not less than TWENTY-FIVE AND NO-100THS ($25.00) DOLLARS, nor more than THREE HUNDRED AND NO-100THS ($300.00) DOLLARS, or by confinement in the County jail of Los Angeles County, for a period of not exceeding ninety (90) days, or by both such fine and imprisonment.

Section 4. The City Clerk shall certify to the passage of this Ordinance, and cause the same to be published once in the Glendale Sentinel-Progress, and thirty (30) days after its adoption it shall be in full force and effect.

Adopted this 26th day of August, 1920.

HARTLEY SHAW,
President of the Board of Trustees of the City of Glendale.
Attest: J. C. SHERER,
City Clerk of the City of Glendale.

ATTESTATION

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, CITY OF GLENDALE—SS.

I, J. C. SHERER, City Clerk of the City of Glendale, do hereby certify that the foregoing ordinance was adopted by the Board of Trustees of the City of Glendale at a regular meeting thereof, held on the 26th day of August, 1920, and that the same was passed by the following vote:

AYES: Bartlett, Henry, Robinson, Shaw, Stephenson.
NOES: None.
ABSENT: None.

Minnesota Spuds

MINNEAPOLIS, Mnn., Sept. 3.—(United Press.)—Standardization of grades and a better distribution of the product are the results expected to be realized by the organization of the Minnesota Potato Exchange here. Through the new system tubers will be handled on a co-operative basis.

The machinery of the new exchange consists of local co-operative associations of potato raisers who contract with the central organization to market their product. N. J. Holmberg, state commissioner of agriculture, who started a campaign for the formation of the exchange a year ago, said about 75 local associations have already been completely organized, and that within two weeks fully 100 locals will be included.

"Approximately, one-fourth of the potato acreage of Minnesota has been tied up with contracts to market this year's crop through the exchange," said Holmberg.

The commissioner said the state agriculture department is also considering the establishment of similar organizations for marketing grain and other farm products.

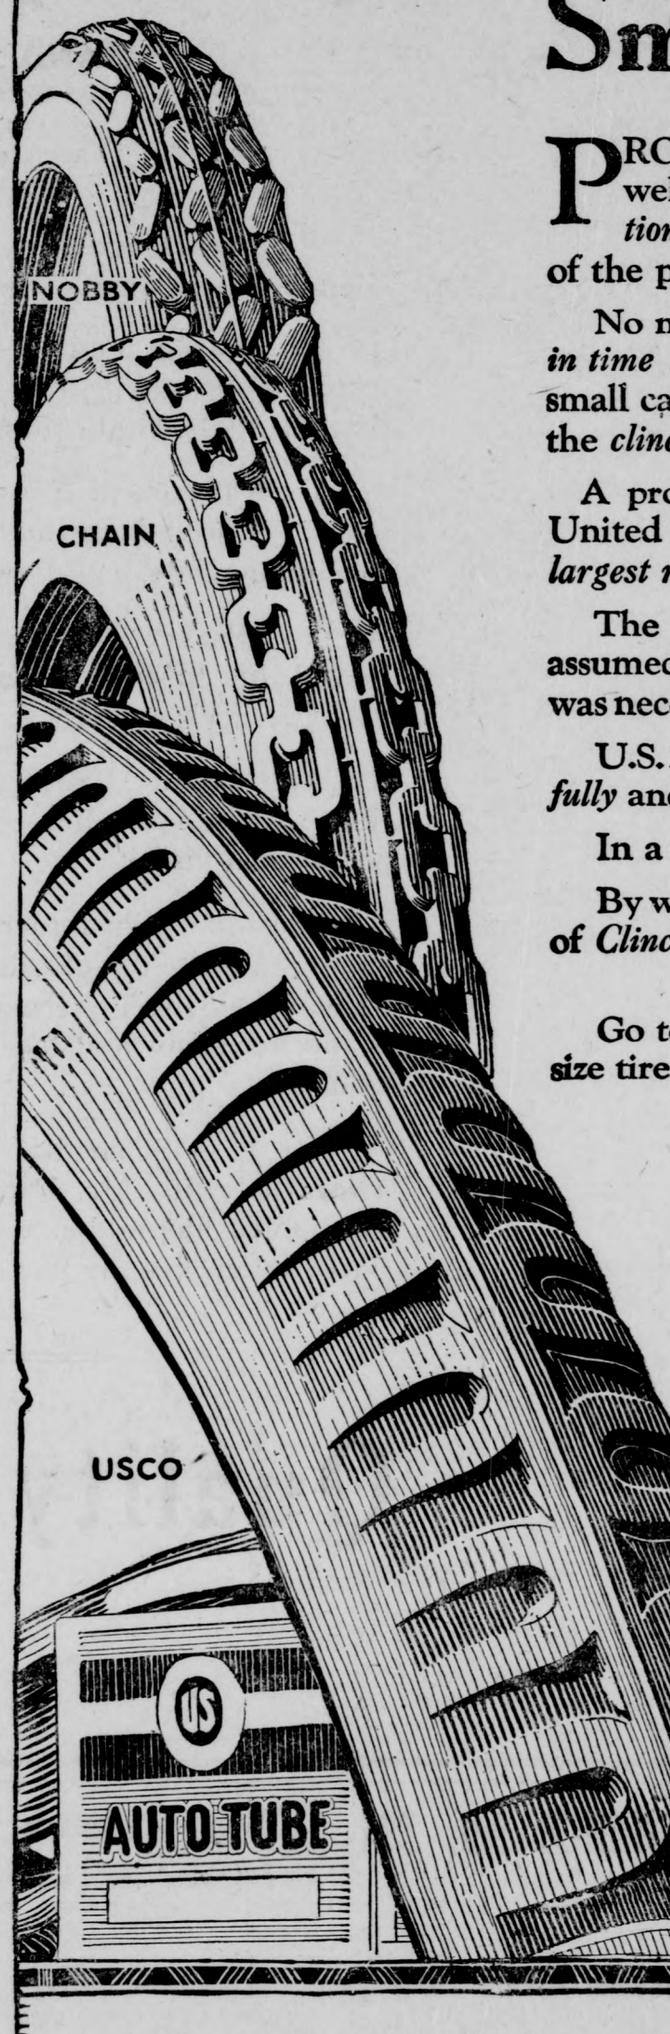
What the U.S. Rubber Company has done for the Small Car Owner



PROGRESS in any industry is marked by certain well defined steps—each step a *positive contribution* to the well-being or economy of part or all of the people affected by the industry.

No more positive benefit with respect to *a saving in time and money* has ever been conferred on the small car owners of this country than the creation of the *clincher type of tire.*

A product of the *foresight* and *experience* of the United States Rubber Company—the *oldest and largest rubber organization in the world.*

The United States Rubber Company has never assumed that because a man owned a small car he was necessarily lacking in a *true appreciation of quality.*

U.S. 30 x 3½-inch tires are built as *well* and as *carefully* and as *honestly* as the largest size tires are built.

In a factory devoted *exclusively* to this size tire.

By workmen trained and skilled in the production of *Clincher Tires.*

* *

Go to a *legitimate* dealer when you want a small size tire.

He knows what the United States Rubber Company has done in the interests of the small car owner. And he knows the wisdom of *putting the small car owner's interests* above his own.

Where Are Your Bonds?

Thefts of Liberty Bonds are reported dailly, bonds that are kept in the office safe or hidden in the home.

A box in our fire-proof safe, further protected by an electric burglar alarm costs but a trifle as compared with the value of your bonds.

Why run any risk of having your valuables stolen or destroyed by fire?

All-Night Movies

SAN FRANCISCO, Sept. 3.—(United Press)—San Franciscans troubled with insomnia may while away the wee sleepless hours watching movie thrillers if the judiciary committee here this afternoon acts favorably on an application by the Edison theater to remain open all night.

Philharmonic Event

LOS ANGELES, Sept. 3.—(United Press)—Wrestling fans are promised their fill of excitement in a mat struggle between Harry Irslinger, former world's champion middleweight, and Bull Montana, at the Philharmonic auditorium here tonight. Irslinger won the championship from Ted Thye, only to lose it to Thye a week later. Montana has been interspersing his mat contests with motion picture work.

and other products. She always has on hand some fresh rolls, bread from which to make dainty sandwiches, a coffee cake, pie or layer cake.

And she knows the quality of these products is the same as if baked in her own kitchen for she has been in our bakery and noticed the absolute cleanliness which reigns here.

She knows that we use only the best ingredients in our products and she is proud to serve them to her guests.

CALIFORNIA PROSPERITY

There is a feeling of great satisfaction throughout the state over the fine crop prospects, and the generally good prices being realized. The marketing of this crop will put the agricultural interests of the state in splendid condition. The bank clearings for July in the nineteen principal cities of the Twelfth Federal Reserve District show an increase of $297,740,000, or 21 per cent over the record of July, 1919. This is largely due to increased productive activity.

It is significantly observed that the hip pocket is retained in fall and winter styles for trousers.

Glendale Is Popular

Glendale stands at the top of the list as a place of abode by many of those now sojourning at the beach towns, but who are engaged in looking for inland homes for the winter. While there has been a considerable exodus to the East yet there is a decided increase in the number of visitors who have determined to remain for the winter months and many of them have bought property and have decided to make this city their permanent place of residence. Each day finds a number of new visitors to Glendale seeking to rent or buy residences and as a result realty men report an increased demand. Building contractors are being crowded to the limit.

30-Second Interviews

By H. B. A.

"Tell 'em that Neale has a flivver and that he is feeding it vinegar and soup," said Gregg of Neale & Gregg. Neale denies the allegations of his partner and so do we. It is a fine new Buick.

"Just say I need room—r o o m—more room. I simply must have more room," says A. B. Lawrence of the Overland agency on East Broadway. We agree with Mr. Lawrence, he does need more room and someone is going to make a decided hit with Mr. Lawrence in the solution of his housing problem. The Overland is becoming very popular.

"Going strong" is the way R. W. Norton, the grocer, puts it. By the way, Norton is an old newspaper man and got his start with the founding of the Chicago American.

That there is a decided increase in the musical goods business is evidenced by the growth of the Glendale Phonograph & Piano Co. Mr. Salmacia, manager, states that the trade was never better.

Mr. Parker of the "Quality Store" is certainly a pioneer in the merchandising game. "I have been in the harness for nearly fifty years," he told us yesterday. Mr. Scharnikow is also an old hand at the grocery trade. This enterprising firm has an interesting ad in this issue.

Respect for Officers

It is not unlikely that part of the lawlessness that is so prevalent throughout the United States may be traced to the attitude which boys and youths have been permitted to assume toward officers of the law. It is no longer an uncommon thing to hear policemen spoken of disrespectfully.

It is not claimed that the highest type of men can always be secured for places on the police force, but as a rule they are men who are interested in the welfare of the people as far as they are able to protect them and otherwise serve them. They are representatives of the law, and as such they are respected by law-abiding persons.

There is a disposition on the part of certain classes to "talk back" at a policeman or other officer of the law—to make slurring remarks to others regarding them, or to commit acts of a taunting character. It is a practice that should be rendered unpopular by more severe penalties.

Persons of all ages should be impressed with the fact that policemen are employed to protect the interests of all by enforcement of the regulations made for the welfare of the public. If discourtesy is shown to officers of the law the offenders should be taught a lesson that will be good for themselves and for others similarly disposed.

Bungalow Homes

Like this one are characteristic of Glendale which is known as the City of Homes, a city of people neither very wealthy nor very poor—the great substantial middle class.

This Bungalow is one of the types of homes featured by

OUR PLAN BOOK SERVICE

And you will find many bungalows of this type here.

We are immensely gratified by the wonderful growth that has been made by Glendale and we are proud of the part we have taken in this growth. Our city is still going forward by leaps and bounds and promises to break the wonderful record she has already made.

If you are going to have a part in Glendale's further development by building a home our plan book service is at your disposal.

A four-room house, to cost $2000, has been commenced at 1224 East Harvard by B. Billingslea.

M. J. McGrew, Velie agent, moved yesterday from the home he sold at 336 Geneva, to 129 South Cedar.

G. E. Harmon is building a five-room house and a garage at 819 South Glendale avenue, to cost $3000.

George F. Dair has commenced work on a four-room house and garage at 815 East Elk avenue, to cost $1900.

H. L. Miller of the H. L. Miller Co., 109 South Brand, returned home yesterday from a few days' outing at Catalina.

Mrs. E. D. Yard and son, Waldo, of 427 North Maryland avenue, returned home Monday from an outing at Catalina.

Richard L. Phister and small daughter, Isabel, of 1432 Valley View Road, left Wednesday for a two weeks' visit at Catalina.

Troy Curl and wife have moved from 203 West Elk avenue to one of the 2-room houses they have just completed at 344 Milford.

Mrs. Georgiana Worley had a permit taken out yesterday for a five-room house at 1615 South San Fernando Road, to cost $5500.

Miss Ida Cowan and her brother, Waldo, of 324 North Central avenue, returned home last evening from a visit of several days at Catalina.

James Richardson of 204 East Laurel, who has had a serious time with a blistered foot, is now able to be out and discard his crutches.

The American Legion is planning for their first dance of the season, to be given in the Pearl Keller Hall, 109-A North Brand, on the evening of Wednesday, September 15.

Dana Burkett, who was connected with the Bank of Glendale for several years, is now working for the Standard Oil Co. in El Segundo as an accountant.

L. W. Chobe and family moved from 318 West Colorado to the Kratchey ranch in Scholl Canyon. M. Gannon, Jr., who bought the Chobe home, is moving in today.

J. H. Robertson, who recently built a garage on the rear end of his lot at 514 Raleigh, took out a permit yesterday for a 5-room house to be built on the front of the lot, to cost $5,000.

The Sharpes are moving from 109 East Lomita avenue to 1141 East Elk avenue. E. Z. Barnett and wife, who own the place at 109 West Lomita expect to move into it and sell the home they are now living in on East Windsor Road.

Glendale friends of Brahm Van den Berg, who lived in this city a few years back, will be glad to learn that he and his wife have returned from Antwerp, Belgium. They are at present living in Los Angeles, but have told friends they expect to return to Glendale.

The Ladies Aid Society of the First Methodist Episcopal Church served luncheon to the Home and Foreign Missionary Societies of the church yesterday. Afterward the monthly meeting was held in the ladies' parlor. This included the business session and a short program.

Henry J. Horn took out a permit yesterday for a three-room house to be built on the rear of one of his lots on East Chestnut, No. 107½. This Mr. and Mrs. Horn will occupy as soon as completed and will then proceed at once to build a large house on the front for rental purposes.

Mrs. Pierson Hanning of 235 N. Orange street, with her sons, Preston and Clifton, and her father, James F. Preston, left this morning for Catalina. Miss Ethel Preston will join them on Saturday and Mr. Hanning will leave Sunday to enjoy the beauties of Catalina with his family over Labor Day.

Miss Cymbeline Taylor, who came to Glendale from Texas a few weeks ago to live with her sister, Mrs. G. M. Anderson, 1310 East Harvard, has been elected supervisor of Home Economics in the Glendale grammar schools. Miss Taylor was engaged in state educational work in Texas for a number of years.

Mrs. Bertha Pierce of 1311 East Harvard entertained at 6 o'clock dinner last evening Miss Marian Leonard of Redlands, Miss Florence LeCount of Los Angeles, Chas. Dyke of Oakland and Ray Krug of Los Angeles. Covers were laid for 10, including the Pierce family. Mr. Dyke has been the guest for a week of Mr. Krug in the home of Mrs. Pierce, who is his mother.

Mrs. Don Morrill and son, Harold, of Fresno, are visiting Mr. and Mrs. Jess Headlee of 315 Burchett. The ladies were former schoolmates in Los Angeles.

Frank S. Mulford and wife, who had been living at 640 East Harvard for a year or more, moved to Van Nuys yesterday and A. W. Denison moved at once into the house they vacated.

A great big sign, fully 30 feet long, and conveying information that the Tractor Show is to be held in Verdugo Woodlands, near by, on September 20th to 26th, has been suspended across Verdugo Road right at the junction of Canada boulevard.

Roy L. Kent, of the contracting firm of Chas. W. Kent & Son, says work is in full swing on the new Glendale Research Hospital at Piedmont Park, north of Lexington Drive. Excavation is being done now for the basement and the foundations have been commenced.

Miss Ida M. Ferrell, until recently editor and owner of the Review, Glazier, Texas, was a caller at the office of the Evening News yesterday, in company with her friend, Mrs. Walsh, who for the past 20 years has lived in New Jersey. The two ladies became friends in their youthful days in Iowa and have kept up the relationship even when far apart. Both are desirous of living in Glendale and Mrs. Walsh is considering buying property here.

Mrs. Sallie Campbell Braden, of 204 Arden avenue, will leave Tuesday, September 7th, for the Fitzgerald country home at Tujunga, where she will stay until October 16th. Mrs. Braden has sold her home on Arden avenue, and after her visit at Tujunga she will stay with Mrs. Fitzgerald, who is a sister of Mrs. Braden, at their home at West Adams and Western avenue until her new home on Doran, near Kenwood, is completed. Mrs. Braden is Worthy Matron of Glen Eyrie Chapter, Eastern Star.

Several members of the Mary Jane Gillette Tent, Doughters of Veterans, attended the meeting and supper of the Helen Jean Christie Tent at Patriotic Hall, Los Angeles, last evening. The supper was given in honor of the Daughters' Drill Team, whose excellent work at the Department Encampment at Huntington Beach, was the outstanding feature of the occasion, and also as an informal farewell to the Department President, Fannie Collins, who leaves to attend the National Encampment at Indianapolis. Those in attendance from Glendale were: Mrs. Dora Hall, Mrs. Winona Crawford, Mrs. Gertrude Griffin, Miss Audrey Hall, and Comrade Robert Taylor.

G. U. H. S. Opens Sept. 7

Patrons of the Glendale Union High School must not get the dates confused between the opening of the Union High School and the City Schools. The High School opens next Tuesday, September 7th, and the City Schools will not open until Monday, September 13th. These dates are correct as given to us by the authorities of the respective schools. Cut out or make a memorandum of the dates, and be sure you have them correct and then it will save you time and trouble in phoning as to the time of opening of the two schools.

Expresses Appreciation

Mr. A. T. Cowan,
Glendale Evening News,
Glendale, Cal.

Dear Sir:—

May I ask you to express, through your paper, to the people of the Sixty-first Assembly District, and particularly, to my many friends in the city of Glendale and surrounding territory, my hearty appreciation of their effort and vote in behalf of my re-election as Assemblyman.

With the honor goes also responsibility. To me it represents not only an endorsement of my record as a citizen and legislator, but an expression of confidence in my ability to be of service to this District and Southern California, as well as the State at large.

Yours very truly,
JOHN ROBERT WHITE, JR.

The Broadway Bakery, 116 West Broadway, will be closed all day on Monday, Labor Day. Be sure to get your bread on Saturday.—Adv.

SELLS CRYSTALS

FACTORY REPRESENTATIVE IS HERE TO ASSIST JEWEL ELECTRIC CO.

J. H. Wittmeyer of the Jewel Electric Company, is very much pleased with the success of his campaign to place Crystal washers in Glendale

homes the past week. Mrs. Bondy, a very pleasant lady, who represents the Crystal division of the Mallory Industries, has been here assisting Mr. Wittmeyer. She has met a large number of Glendale women to whom she has demonstrated the Crystal both in the store and in their homes, and who have been charmed with her personality as well as with the efficiency of the machine. Mrs. Bondy will be in Glendale today and tomorrow and she will be glad to meet other Glendale ladies. If you wish you may make an appointment with her to demonstrate the Crystal in your own home. Mr. Wittmeyer gives due credit for the success of this campaign to Mrs. Bondy and to the publicity he has given it.

Scout Council Meeting

A regular called meeting of the Boy Scout Council was held last evening at the White Inn and ten members were present. After enjoying a dinner, they took up business matters, the main subject being a report of the completion of the Scout Camp at the foot of Sister Elsie Peak. The Scout Council selected as a name "Glenakin Camp," in honor of Glendale and of Mr. Akin, who is allowing the use of his land for the purpose. The Camp will be formally opened and dedicated on Saturday, September 11th.

pretty as a peach, and daughter of the boss and O! what a picture it makes!

"Cupid the Cowpuncher"

is adapted from Eleanor Gates' charming story, "Alec Lloyd, Cowpuncher." There is no resisting Will Rogers in this role. The part seems made for him. It's a real picture of the real west, a zippy comedy of the plains with a love story that will bring a lump in your throat and a smile to your lips at the same time. See it at the

FAITH, NOT FEELING

SUNDAY MORNING DISCOURSE BY DR. S. B. WARNER AT FIRST M. E. CHURCH

In the absence of the pastor, Dr. Crist, who was up in the mountains enjoying his summer vacation, Dr. S. B. Warner filled the pulpit of the First M. E. Church last Sunday morning. His sermon was based on the statement of the Apostle Paul found in Romans, 15th chapter and 3d verse: "For even Christ pleased not Himself." The speaker referred to that portion of the Methodist discipline that condemns the heresy that we are not to do good unless the heart prompts it. Feelings are not a safe guide of Christian conduct. They are not to be depended upon; are not reliable. Reason points out our duty and prompts us to obedience. Feeling is fleeting. Reason is stable. Feeling is not a safe rule in any of the walks of life. For example, suppose the business man should lie abed in the morning hours instead of going to his office because he felt like it, and the housewife instead of arising and getting the morning meal should lie abed in response to her feelings; and the boy and girl in school should only study when they felt like it. Failure and not success would be the result every time. And yet in our Christian life we look for growth and success while we are largely controlled by our feelings. We read the Bible when we feel like it. We attend the means of grace when we feel like it. We rise to give testimony when we feel like it. We do personal work when we feel like it. And all with the result that we are fruitless Christians when we might by substituting faith for feeling be strong, vigorous, fruit-bearing Christians. Let duty and not pleasure be our guide, remembering that Christ pleased not Himself. He suffered hunger, thirst, fatigue, and that all alone, for us.

Trappers Off for North

EDMONTON, Alberta, Sept. 3.—(United Press)—Many trappers who have spent a few idle months in Edmonton have departed for the north country and are now in the woods preparing for the opening of the trapping season in November.

Since trap lines are from 75 to 200 miles long, a trapper must have several cabins, sometimes as many as six or eight. He builds these cabins of logs and stuffs the chinks with a plaster of moss and mud. Working up and down his trap lines in the season when fur is "ripe," he sleeps in the domicile nearest when night comes. Summer is the time when he carries in his provisions and distributes them among his cabins. He usually freights in his supplies by pack-horses and returns the horses to fur post or settlement.

He buys his supplies at a Hudson Bay fur post, either paying cash or taking the goods on credit and paying for them when he brings back his winter's catch of furs. Though the Hudson Bay Company is closing out all its remaining lands to farm settlers, it still maintains 155 fur posts throughout Canada. In the wilderness country about all these posts. trappers are now busy preparing for their winter's campaign.

Dysentery Weakens

(By United Press)

WARSAW. (By Mail)—An epidemic of dysentery has broken out and is spreading rapidly through Poland, weakening the army and adding to the sufferings of the civil populations.

Sanitary trains arriving from the front bring thousands daily stricken with the disease. At one station where the American Red Cross is operating among sick and wounded soldiers, four thousand men are received every 24 hours, eighty per cent of whom have dysentery.

Every hospital train reaching Warsaw discharges numbers who died of the disease on the way from the front. Many die on the stretchers on the way from the station to the city hospitals.

Among the refugees fleeing across the country the same condition exists. Dysentery has taken a heavy toll among them. They die by the roadsides and graves mark the routes of travel from one end of the country to the other.

Ice to Be Public Utility?

A movement is now on foot to declare ice a public commodity and place its manufacture and sale in the state under the direction of the Railroad Commission, which would regulate both wholesale and retail prices. The Los Angeles City Council has directed the city attorney to prepare a bill to that effect to present to the next legislature for passage.

Retribution is so slow in overtaking some folks that they die of old age in their meanness.

The average bigot is a person who does not know what he believes but is sure it is all right.

Many a person is a better friend to his appetite than he is to his bank account.

The Glendale Sanitarium and Hospital

An Institution

where natural curative agents such as air, light, heat, water and electricity are used in the fight against disease. Where people are taught the principles of right living and are helped to sound physical health that makes the mere act of living a source of pleasure, health on which depends everything worth-while in life—ambition, success, work and accomplishment.

The Price of Sound Health is Right Living

—in no other way can it be obtained. Money cannot buy it. Only pure air, rest, proper food, proper exercise, healthful surroundings and simple treatments can restore your health after you have lost it; prodding it into temporary activity does more harm than good. A service that is regenerative and reconstructive in its fundamental character is the kind of service we render.

Why Not Reserve a Table for Our Special Sunday Dinner?

Our meals are served on the European plan and our dining room is open to the public. We serve a wholesome vegetarian meal and many appreciate the change from the heavier meat diet. We serve:

Breakfast . . . . 8 to 9 a. m.
Dinner . . . . . 1 to 2 p. m.
Supper . . . . . 6 to 7 p. m.

BlueBird cleans clean.

Everything from the slightly soiled table cloth to very soiled clothes is washed in a *few* minutes by BlueBird—without work on your part and without wear on the clothes.

BlueBird washes even the daintiest Georgette waists or lacy things without harm—nothing to wear or tear. The inside of the copper boiler is perfectly smooth—no holes, ridges or projections.

BlueBird costs only a few cents a week to operate and only a few dollars down to buy.

GAS FRANCHISE

NOTICE OF SALE OF FRANCHISE TO LAY GAS PIPES

To Whom It May Concern:

Notice is hereby given that an application has been made to the Board of Trustees of the City of Glendale for a franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas, under and along a certain portion of that public street known as San Fernando Road in the City of Glendale, and that it is proposed by the said Board of Trustees to offer for sale and grant to the highest bidder said franchise upon the terms and conditions herein mentioned and said franchise is described as follows, to-wit:

A franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas under and along that portion of that certain public street known as San Fernando Road in the City of Glendale described as follows:

Beginning at a point on the northern boundary line of the City of Glendale, said point being within the lines of that certain street in said City known as San Fernando Road; thence following the course of said San Fernando Road to the point of intersection of the northern property line of that certain street in the City of Glendale known as Doran Street.

That the terms and conditions upon which said franchise will be offered for sale and granted are as follows, and the grantee of said franchise or assigns shall be required to file a written acceptance of the terms and conditions thereof with the clerk of the City of Glendale, within thirty days after the passage of the ordinance granting the same.

That the grantee of said franchise, his, its or their successors or assigns, shall have the right to construct and maintain such traps and manholes as may be necessary to afford proper access to the said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees of said City in regard thereto, and not to interfere with the use of the highway for travel, water mains or permanent culverts along said street. The grantee of said franchise, his, its or their successors or assigns, shall have the right, subject to such regulations as are now or hereafter may be in force, to make all necessary excavations in said highway for the construction and repair of said pipe lines, traps and manholes.

That the pipes to be laid and maintained under said franchise shall be of steel, of good workmanship and of an internal diameter of not less than twelve (12) inches nor more than sixteen (16) inches.

That the grantee of said franchise, his, its or their successors or assigns shall furnish and sell to the City of Glendale, or to any person or company operating a distributing system and maintaining the same in the City of Glendale, now or hereafter, gas for domestic and manufacturing purposes, and that the gas so furnished shall be furnished and sold at wholesale rates to said City of Glendale, or other person or company, above referred to, and that the gas so furnished shall be of good quality, free of injurious ingredients and of sufficient purity to be suitable for domestic use or manufacturing use, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request made by the City of Glendale, or by any person operating a distributing system now or hereafter in said City of Glendale, and upon payment of his, its or their reasonable charges for making the connection and for furnishing gas, furnish to such person, company or the said City of Glendale an adequate supply of said gas for domestic or manufacturing use, or for both such purposes.

That in event the said grantee, his, its or their successors or assigns shall in fact convey oil through said system of pipe lines said City of Glendale and all persons residing therein shall be entitled to receive from said grantee of this franchise an adequate supply of oil for domestic and manufacturing purposes, that the oil so to be furnished by said franchise, his, its or their successors or assigns shall be of the same purity and grade as the oil furnished by said grantee, his, its or their successors or assigns to other customers along said pipe line system and at the termini thereof, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request from and by said City of Glendale, or by any person or company operating a distributing system now or hereafter in said City of Glendale for the distribution of oil and upon payment of his, its or their reasonable charges for making the connection and for furnishing such oil, furnish to such person or company or the said City of Glendale an adequate supply of said oil for domestic or manufacturing use or for both such purposes.

That all pipes shall be laid not less than two feet under ground, and, unless the Board of Trustees of said City shall otherwise direct, shall be laid along the sides of the highways and shall be within five feet from the curb lines in said street, and shall not be nearer than three feet to the macadamized portion of said road; and in the event that it is necessary to cross any portion of macadamized road, cement gutter or culvert, the same shall be done in such manner as not to disturb the foundation thereof, and in event the same cannot thus be done, the said crossing shall be made under a special permit to be granted by the Board of Trustees of said City upon application therefor, said application to be accompanied with a drawing, specifications and explanations, showing the necessity for the same. That during the laying or repairing of any such pipes, any trench or excavation made for such purpose shall, from sunset to sunrise, be barricaded and protected by lanterns placed at distances of not more than one hundred feet apart, along such trench or excavation, one of which shall be placed in the center of any cross street fronting on said San Fernando Road, at the point where said work is in progress.

That every pipe line constructed, maintained or repaired under the provisions of this franchise shall be constructed, maintained and repaired in accordance and conformity with all of the ordinances, rules and regulations now in force and that may hereafter be adopted and prescribed by the Board of Trustees of said City of Glendale.

That the work of laying or repairing such pipes or other appliances shall be conducted with the least possible hindrance to the use of said highways for the purposes of travel, and as soon as the laying or repairing of any pipe or appliance is completed, all portions of the highways which have been excavated or otherwise injured thereby shall be placed in as good condition as the same were before the laying of such pipes, to the satisfaction of the Board of Trustees of said City of Glendale. That any damage or injury suffered by any person, by reason of any excavation being improperly guarded during said work, or by any cause whatever in connection with construction, laying or repair of said pipe lines, or pipe, shall be borne by the grantee of said franchise, his, its or their successors or assigns.

That the City of Glendale reserves the right to change the grade of said street or any portion thereof over which this franchise shall be granted, and the grantee of said franchise, his, its or their successors or assigns shall at once change the location of all pipes and other appliances laid under said franchise so as to conform to such change of grade. That if any portion of said highway shall be damaged by reason of leaks in any pipe laid under said franchise, or by any other cause, the grantee of such franchise, his, its or their successors or assigns, shall, at his, its or their own expense repair any such damage and put said highway in as good condition as before such leak, or other damage, to the satisfaction of the Board of Trustees of said City.

That if the grantee of said franchise, his, its or their successors or assigns, shall fail to comply with any of the instructions of said Board of Trustees with respect to the location of any portion of said system of pipes and pipe lines, or the repair of any damage to highways, within ten days after the service of written notice upon said grantee, his, its or their successors or assigns, requiring compliance therewith, then said Board of Trustees may immediately do whatever work is necessary to carry out said instructions, at the cost and expense of said grantee, his, its or their successors or assigns, which costs, by the acceptance of said franchise, said grantee, his, its or their successors or assigns agree to pay upon demand.

That the work of constructing and laying said system of pipes and pipe lines, shall be commenced in good faith within not more than four months from the granting of said franchise.

That the said grantee of said franchise, his, its or their successors or assigns shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of such grantee and his or its successors or assigns arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of said franchise, but thereafter such percentage shall be payable annually.

And it shall be the duty of the grantee of said franchise and of his or its successors or assigns, to file with the Clerk of said City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of the manager or presiding officer of said grantee or his or its successors or assigns, showing in detail the total gross receipts and gross earnings collected or received by said grantee or his or its successors or assigns during the preceding twelve months, arising from the use, operation or possession of said franchise, and within ten days after the time for filing the aforesaid statement, it shall be the duty of said grantee and his or its successors or assigns to pay to the City Treasurer of the City of Glendale the aggregate sum of the said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise, and if the amount paid is incorrect, in the judgment of the Board of Trustees, they may order the payment of such additional sum as they may find due hereunder, and if not paid, the same may be collected by suit. And any neglect, omission or refusal by said grantee or his or its successors or assigns to file said verified statement, or to pay the said percentage of the said gross annual receipts at the times or in the manner hereinbefore provided, shall ipso facto work a forfeiture of said franchise and all of rights thereunder, to the City of Glendale.

That said grantee or his or its successors or assigns shall not sell, transfer, assign or lease said franchise or any part thereof, or any of the rights or privileges granted thereby, except by a duly executed instrument in writing filed in the office of the Board of Trustees of the City of Glendale, and nothing in said franchise contained shall be construed to grant to said grantee or his or its successors or assigns any right to sell, transfer, or assign or lease said franchise or any of the rights or privileges thereby granted except in the manner aforesaid.

Nor shall gas or oil to be carried by the said grantee, its successors or assigns through the pipe line for the construction of which this franchise is granted be disposed of directly or indirectly to any competitor of said grantee or its associated or subsidiary companies, operating in said City of Glendale, and be sold therein, except by the consent of the Board of Trustees of said City.

That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon immediately ipso facto effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee or his or its successors or assigns from further use of the highways of said City under said franchise; and said grantee or his or its successors or assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is hereby given that sealed bids in writing will be received at the office of the City Clerk of said City of Glendale for said franchise up to 8:30 o'clock in the afternoon of the 30th day of September, 1920.

That the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, provided only, that at the time of opening said bids, any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States, and provided further that the Board of Trustees reserve the right to reject any and all bids.

Each sealed bid must be accompanied with cash, or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith; and the successful bidder must deposit at least ten per cent of the amount of his bid with the Clerk of said City before said franchise will be struck off to him, and if he shall fail to make such deposit immediately his bid will not be received and will be considered as void and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid, as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four hours after the acceptance of his bid the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by the said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited and no further proceedings for the sale of said franchise will be had until the same shall be readvertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him or it, file with the said Board of Trustees a bond running to said City in the penal sum of One Thousand ($1000) Dollars with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder will construct said pipe lines and shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited. The Board of Trustees reserve the right to grant similar franchise over said street to any other person or company.

J. C. SHERER,
City Clerk of the City of Glendale.

TRUSTEES' MEETING

Continued from Page 1)

An application was read from Mrs. Anderson, requesting a permit to keep a few patients in her home at 1125 East California street. Referred to the committee of the whole.

Communication was read from B. L. Cushman making application for a permit to open and maintain a recreation and amusement parlor for billiards, pool and bowling, location not named. Accompanying this application a petition was filed signed by E. F. Parker and 150 other citizens favoring the granting of this permit. The chairman of the board stated that it was impossible for the board to grant this request as an ordinance is in effect prohibiting pool rooms in the city.

Trustee Henry made a motion which was seconded by Trustee Robinson that the City Attorney be instructed to draw up an ordinance repealing ordinance No. 100 and providing for the licensing and regulation of pool rooms in the city. Vote on roll call resulted as follows:

Ayes: Henry, Robinson, Stephenson.

Noes: Bartlett, Shaw.

A communication was presented from Mattison B. Jones, stating that he is erecting a one-story brick building divided into four independent offices and desires that integral numbers be provided for each of the entrances to the same as the present ordinance allows but one number to a twenty-five foot lot, the petitioner requested that the Board of Trustees consider the matter of changing the ordinance. The City Manager stated that in his opinion it is practicable to make the change suggested in the communication. The matter was laid over for one week.

A communication was read from Jesse E. Smith, a member of the Tractor Exhibit Committee, requesting that the Board of Trustees set aside an amount of money necessary to complete some of the preliminary work which will be necessary to put the site of the exhibition in proper shape. Mr. C. L. Chandler addressed the board on the subject, explaining in detail the requirements and necessities of the case. He requested that the board appropriate as liberal a sum as possible to this purpose, stating that the balance necessary would be contributed by citizens. Trustee Bartlett made a motion which was seconded that the sum of $500 be appropriated from the Advertising and Promotion Fund of which sum $150 be reserved for policing the grounds, in connection with the Tractor Show. Trustee Henry made a motion which was seconded that the original motion be amended making the sum appropriated $600. The amendment was adopted and the original motion as amended passed, by the following roll call:

Ayes: Bartlett, Henry, Robinson, Shaw.

Noes: Stephenson.

Demands were presented and referred to the Finance Committee. Later, the Finance Committee reported them back approved and on motion of Trustee Stephenson, warrants were ordered to be issued in payment of the same.

Mr. L. M. West, Jr., addressed the board in regard to automobile insurance and that matter was referred to the committee of the whole for consideration.

A report was read from the City Manager stating that through a representative of the Automobile Club of Southern California arrangements had been made to install within the next thirty days in the business section of the City of Glendale, signs directing the traffic to turn at intersections only.

A report was read from the City Manager to the effect that it is estimated that 20 per cent of the revenue of the water and light business would be required to meet bond redemption and interest during the year ending September 1, 1921; he therefore recommended that the City Treasurer be directed to credit daily, not to exceed 20 per cent of the receipts from the water and light business to the Public Service Bond Interest and Redemption Fund, beginning September 1, 1920, continuing to August 30, 1921, inclusive. On motion of Trustee Bartlett the recommendation was aproved and adopted.

The City Manager recommended the transfer of $8,970.84 from the insurance reserve fund to the general budget fund, to be returned not later than January 1, 1921. The recommendation was approved and the transfer ordered to be made.

City Manager reported on the matter of bids asked for by the County of Los Angeles for the installation of additional lights and equipment in the Verdugo Lighting District to the effect that if the bid of the City of Glendale should be accepted, the money expended would be returned to the City from the receipts for the sale of light. Trustee Bartlett made a motion which was seconded that the City Manager be authorized to put in a bid for the City to install four street lights in the Casa Verdugo Lighting District at $2.50 per month per light. Roll call resulted as follows:

Ayes: Bartlett, Stephenson.

Noes: Henry, Robinson, Shaw.

The City Attorney reported in regard to the matter of telephone rates that it was still held up by the Railroad Commission. On motion of Trustee Stephenson, it was ordered that the City Attorney proceed to file a complaint in regard to telephone rates with the Railroad Commission and that the President of the Board of Trustees be authorized to sign and verify the same.

The City Attorney reported in regard to power poles on Central avenue that the same had been taken down.

Trustee Henry presented a resolution which was adopted as Resolution No. 1122, appointing election officers for the Charter Election of September 28, 1920, designating their compensation and the hours for the polls to be opened.

The report of the City Recorder for the month of August showing total receipts of $478.00 was presented to the Board and referred to the Finance Committee, the committee reporting it back to be filed.

The Engineer of the Public Service Department made a report and a motion made by Trustee Bartlett was adopted, all voting "aye," that the inspection of work done by the City in connection with the water department be dispensed with and that the amount represented by the same be deducted from the special engineer's fees.

Trustee Stephenson introduced an ordinance ordering the opening and laying out of Patterson avenue and the same was laid over for one week.

Trustee Henry introduced an ordinance providing for the opening, widening and laying out of Commercial St., which was laid over for one week.

Trustee Bartlett introduced an ordinance establishing the grade on Dayton Ct., Doran St. and Arden Ave., which was laid over for one week.

On motion of Trustee Stephenson, the City Attorney was instructed to prepare an ordinance requiring the Pacific Electric Railway Company to limit the speed of its trains at street crossings in the City.

Novel Wedding Service

(By United Press)

LONDON, (By Mail.)—A new fashion in weddings lately introduced gives the woman ecclesiast an opportunity to officiate.

The novelty was provided by the marriage of Douglas Sladen, the author, to Miss Christian Dorothea Duthie. The actual wedding contract was signed and sealed in a registry office—or marriage license bureau—and afterwards in Sladen's garden, the guests were invited to hear "an address by Miss Maude Royden."

Under a tree Miss Royden held a service in the presence of the married couple and invited guests, and afterwards read, as she styled it, "the finest poem on love in the world." (1. John, Chapter 4.) Then followed a short address having for its theme family love and the position of love in the world, the proceedings being closed with the Lord's Prayer and the benediction.

Miss Royden, who it will be remembered, preached at Geneva during the Women's Congress, was in cassock and biretta, but the remaining guests had been notified "No presents; no wedding garments."

The bridegroom is in his sixty-fifth year, but the bride is well under thirty.

Fighting Rats

It is computed that the London docks contain about 1,000,000 rats, which attack grain, food, and other cargoes, causing about $2,000,000 loss per annum. A society was established to exterminate this destructive enemy, but the congested state of the wharves made their schemes inoperative. Now a new benefactor has come forward with a "trap" that opens up a possibility of putting armies of rodents out of business. The process employed is simple. Traps are placed along or near rat holes. The trap is made of cardboard covered with lithographic varnish. The varnish is warmed by heating its container in boiling water till the varnish becomes sufficiently liquid, when it is spread 1-16 to 1-8 of an inch thick on pieces of strawboard or thickish cardboard, measuring about 15 in. by 12 in. A margin of about 1 in. is left clear of varnish, and bait placed in the center of the board, where it adheres to the varnish. Bags of 60 at a time have been secured. The medical officer of health for the port of London reports favorably of the antidote to the rat thief, and gives it as his opinion that once their tails stick on the board they are doomed, and that the majority die of fright. Another feature is that if two rats get on to the varnish together one of them kills the other, evidently thinking the other is holding him.

After a man's prejudice has been well fed up he likes to let it be known that he is open-minded on a matter.

Advertist it, or advertise for it in the Evening News.

FEARED FOUL PLAY

BOATRIGHTS, ON WAY TO TULSA, HAVE CAR STOLEN, REPORTED MURDERED

Ben Boatright and wife, who came to Glendale from Tulsa, Okla., last February and engaged in the stationery business for a time at 119 South Brand, started for the old home Wednesday in their auto. While stopping in Barstow that night their machine was stolen, the thieves heading eastward. When near the Arizona line they got scared and induced a boy to drive the machine back west. He was arrested at Oro Grande, 115 miles east of San Bernardino, and the constable apprehending him telephoned to Glendale and the sheriff's office in Los Angeles, finally learning that the owners of the car were at Barstow. It was returned to them before they knew it was stolen, and they are now far out on their way east. Meantime friends here, among them the Kuntzners, Ezra Parker and Dr. Kaemmerling, had been hearing reports that the Boatrights had been murdered in the desert and their car stolen. It was not until nearly noon today that they learned of their friends' safety.

Poppy Day in Glendale

Many plans are being made to make Poppy Day in Glendale a success. After hearing Mme. Guerin's address on the needs of the orphans of the devastated portion of France, or the portion of France which for three and four years was behind the German lines, the ladies who are lending their aid to this work could not resist putting their best efforts forward to make money for the poor little needy ones who cannot understand their own distress.

Forty per cent of the children in this district alone are tubercular. Practically all of them are two or three years under size, and none of them are nourished as children should be. Great numbers of them have lost their minds after witnessing the terrible happenings around them, and others have forgotten how to read or write; have forgotten who their fathers or mothers were, and only know their first names. They can remember when their mothers and older brothers and sisters were taken into Germany to work.

The drive for these little ones has been planned to start at 9 o'clock Saturday morning, and will last all day long, with all the lovely young ladies of Glendale who are free to do so, hoping to sell poppies for what the public desire to pay for them, no price being put on them.

Little Helen Lucile Olman will be a special attraction to help make the Poppy Day program a success, being of French descent, she feels the call to do what she can to help the unfortunate boys and girls in France. Watch for her tomorrow and be sure to buy a poppy from one of the numerous stands.

Some of those who will assist in this drive are the following, although only a partial list can be given at this time: Miss Waunita Emery, Josephine Emery, Garnet Peters, Fern Peters, Beatrice Bolen, Leone Rockhold, Miss Nellie Rowe, Ruth Waterman, Anna Merriken, Helen Sherwood, Dorothy Peart, Olive Bell Emery.

The Tractor Show

C. L. Chandler, a committeeman whose duty it is to arrange for the parking of autos at the time of the National Tractor Show in Glendale, September 20th to 26th, appeared before the Board of Trustees of the City of Glendale last evening and asked that an appropriation of $600.00 be made for defraying the expense of doing necessary work on the Verdugo Woodland grounds where the Tractor Show is to be held. Mr. Chandler said that it would be necessary to have a temporary fence to inclose certain portions of the grounds, and Manager Hall had asked that sawdust be provided by the city to spread upon the exhibit grounds and that an approach be built to a bridge across a depression in the grounds to be used. Mr. Chandler's request on behalf of the local Tractor Show Committee was granted. He stated that Herman Nelson is the Chairman of the Ways and Means Committee, but was unavoidably detained from being present at the meeting.

Glendale's Water Supply

That the City of Glendale has an ample supply of water is very evident from the fact that occasionally wide streams of water are seen passing down the gutters of the different streets, and upon tracing the streams to their source it is found that they are caused by an overflow from the reservoirs. There was an instance this morning of an overflow at the reservoir on North Glendale avenue where a strong stream of water was flowing down the east gutter of this avenue.

Perhaps the concerns that formerly made corkscrews are now engaged in the manufacture of can openers.

GLENDALE AVENUE

MOVEMENT TO CHANGE NAME OF BRAND BLVD. TO CONFORM WITH L. A. NAME

There is considerable agitation in Glendale at the present time as to whether it is advisable to change the name Brand boulevard south of San Fernando Road to the name Glendale avenue. The City of Los Angeles is opening and improving the Ivanhoe boulevard that has been laid out for the purpose of giving Glendale a short road to Los Angeles. The the L. A. city trustees say they are ready to name their part of the new boulevard Glendale avenue if the City of Glendale will give their portion of the boulevard the same name.

A petition signed by about fifty business men of Glendale was presented to the Board of Trustees at last evening's meeting, and an explanation was made by W. B. Kirk, on behalf of the Greater Glendale Development Association, as to the benefits to be derived from the change of the name.

The City Trustees have been slow to approve of the change on account of a probable confusion in street numbers if there were two Glendale avenues in the city. There are a few of the citizens who favor changing the name Brand boulevard to Glendale avenue, from San Fernando Road to the mountains, and by such an act it would, of course, be necessary to change the present Glendale avenue to some other name. The Trustees are delaying the matter of these changes until they find out what the people really want, and it will likely be some time before they get a united expression from the people on the change of such important street names.

THANKS FOR SUPPORT

HARTLEY SHAW IS GRATEFUL TO PEOPLE OF GLENDALE FOR BOOST AT PRIMARIES

Los Angeles, Cal., Sept. 2, 1920.
The Glendale Evening News,
Glendale, Cal.
Gentlemen:—

Permit me to express to The News and to all my friends and fellow citizens in Glendale my heartfelt appreciation and gratitude for the splendid support accorded me by my home town in my candidacy for the office of Judge of the Superior Court (Short Term) at the recent primary election. It now seems practically certain that I have been nominated as one of the two candidates whose names will go on the ballots for this office at the final election in November; and this result would not have been reached without the great boost given me by the vote in Glendale.

Yours very truly,
HARTLEY SHAW.

CRISTS RETURN

ENJOY MONTH IN MOUNTAINS, REBUILD SUMMER CABIN

Rev. Clyde Monroe Crist and family returned home Tuesday from their camping trip in the San Bernardino mountains, near Pine Crest. They were gone just a month and Rev. Crist said he drove the 76 miles from there home to get to vote. He spent most of his time while there in rebuilding his cabin which was destroyed by fire two years ago, and his hands show the marks of hard work. He has one room, 16x28, with a big fireplace in it and will later add two dressing rooms, sleeping porch and pergola. This cabin is on the south side of Strawberry mountain of the San Bernardino range, one mile southeast of Pine Crest.

Drove While Intoxicated

J. E. Bright of 662 Gladys avenue, Los Angeles, was driving south on San Fernando Road last night about 8 o'clock, weaving back and forth across the road in his Chevrolet, according to the police report, and at the intersection with Broadway he ran into another machine, driven by Florenco Morley of 610 South Hill street, Los Angeles, and was thrown from his car. F. O. Hickman of 615 South San Fernando Road came along about that time in a machine, picked up Bright and brought him to police headquarters. Judge Lowe was called up and he directed that Bright's machine be brought in and impounded as bail while he was sent home on the P. E. line. He will appear later to answer to the charge of driving an automobile while intoxicated.

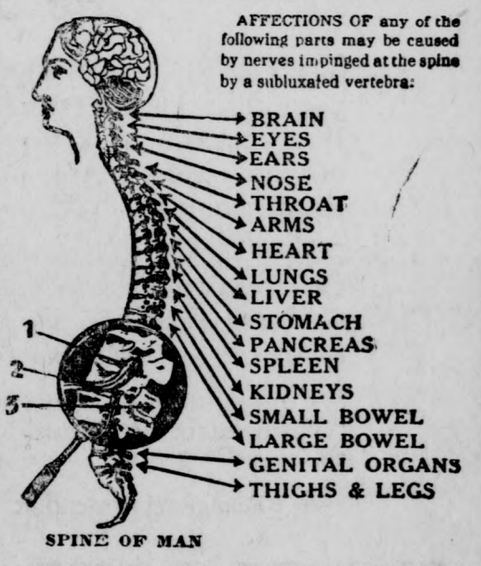
Health Is Possible!
Chi-ro-prac-tic takes off the brakes. Nerve pressure prevents the flow of vital force. Chiropractic takes away the cause—Nature then produces the desired effect. Whenever vital organs work badly or you have so-called trouble with your heart, lungs, bronchial tubes, stomach, liver, kidneys, intestines, bladder, uterus, etc., Chiropractic has shown that the spine or back-bone is almost invariably at fault. The proof lies in the thousands of cases successfully handled by Chiropractic.



SPINE OF MAN
The quickest and safest way to overcome so-called internal bodily disturbances of any kind is by Chiropractic spinal adjustment to the particular joints of the backbone, which by their displaced conditions interfere with the passage of the Creator's vital force through the nerves to the particular organ concerned.
